1ST ANNOUNCEMENT /
CALL FOR PAPERS
WELCOME TO THE 17TH PIPELINE TECHNOLOGY CONFERENCE

EUROPE’S LEADING PIPELINE CONFERENCE AND EXHIBITION IS BACK TO BERLIN
The flagship European conference & exhibition for the international pipeline industry will again take place in Berlin from March 7-10, 2022.

Pipeline and distribution network operators from all over the world will once again participate in the ptc to learn more about current developments in the industry and exchange experiences with other operators.

With the experience gained from two online ptc’s and a series of Virtual Pipeline Summits, ptc 2022 will morph into a hybrid event and will be more digital than ever before. The central presence of Berlin (ptc Berlin) will be connected to a virtual platform (ptc Remote) that will offer extended networking features. It will be easier than ever before to find someone who offers exactly what you are looking for. No matter if this person is sitting at the next table at the exhibition or sitting in front of their laptop in Houston or Dhahran.

We are very much looking forward to seeing you all again in the usual setting in Berlin and finally talking face-to-face with old acquaintances and new business contacts about new technologies, current challenges and perspectives for the future.

Many thanks to the whole ptc community and especially to the members of the ptc Advisory Committee for their great support.

Get involved now and become a speaker or reserve your stand at the exhibition.

See you in Berlin!

Dennis Fandrich
Pipeline Technology Conference Chairman
ADVISORY COMMITTEE

CHAIRMEN

Dirk Strack, Senior Advisor, EITEP Institute

MEMBERS

Ulrich Adriany, Senior Technical Expert, ARCADIS Deutschland
Juan Arzuaga, Executive Secretary, IPLOCA
Michael W. Cech, Head of Pipeline JVs and Shipping, OMV Refining & Marketing
Tino Falley, Head of Grid Operation, ONTRAS Gastransport
Carles Giro, Business Area Manager, ILF Consulting Engineers
Andreas Haskamp, Pipeline Joint Venture Management, BP Europa SE
Mark David Iden, Chief Executive Officer, SkyData Air&Space
Barbara Jinks, Programme Officer - Green Gas Delivery and Use, IRENA
Mike Liepe, Technical Sales and Global Projects, Siemens Energy
Brigham McCown, President, Alyeska Pipeline Service Company
Bruno Pomaré, Business Development Director, Spiecapag
Hermann Rosen, President, ROSEN Group
Ulrich Schneider, Business Development Manager Continental Europe, KTN
Asle Venas, Senior Principal Pipeline Specialist, DNV GL
Thomas Wolf, Vice President EMEA, NDT Global
Heinz Watzka, Senior Advisor, EITEP Institute
Pawan Agarwal, Vice President, HPCL-Mittal Pipelines
Boris Böhm, Business Development & Equipment, MAX STREICHER
Cindy Dirkx, Independent Pipeline Professional, Dirkx PM&S
Jens Focke, CEO, BIL - Federal German Construction Enquiry Portal
Marcelino Guedes Gomes, Partner & Co-founder, PIPELINEBRAZIL
Jörg Himmerich, Managing Director / Technical Expert, Dr.-Ing. Veenerk Ing.-ges.
Andrea Intieri, Director, Pipeline Turbomachinery Platform, Baker Hughes
Cliff Johnson, President, PRCI - Pipeline Research Council International
Michael Lubberger, Senior Product Manager Pipeline, BU Utility Tunnelling, Herrenknecht
Danny Molyneux, Technical Advisor, Quest Integrity
Dr. Prodromos Psarropoulos, Structural & Geotechnical Engineer, National Technical University of Athens
Dr. Adrian Schaffranietz, Coordinator Government Relations, Nord Stream 2
Guntram Schnott, Expert / Pipeline, TUV SÜD Industrie Service
Bernd Vogel, Head of Network Department, GASCADE Gastransport
George Ziborov, Leading expert, Foreign Economic Relations Department, Transneft
Max Wedekind, Managing Director, DENSOGROUP

Nader A. Al-Otaibi, Engineering Unit Head, Pipelines, Distribution and Terminals, Saudi Aramco
Arthur Braga, Country Manager, ITF Brazil
Dr. Marion Erdelen-Peppler, Secretary General, EPRG - European Pipeline Research Group
Marguerite Forde, Chair, YPP Europe
Saumitra Shankar Gupta, Chief General Manager (M&I), Indian Oil Corporation
Dr. Thomas Hüwener, Managing Director Technical Services, Open Grid Europe
Dirk Jedziny, Vice President - Head of Cluster Ruhr North, Evonik Industries
Dr. Mike Kirkwood, Director - Integrity Engineering, T.D. Williamson
Martin Mans, Managing Director, LIWACOM
Steffen Paepere, Consultant
Frank Rathlev, Manager of Network Operations, Thyssengas
Prof. Dr. Jürgen Schmidt, Managing Director, CSE Center of Safety Excellence
Dr. Falco Schröter, Managing Director, Europipe
Roger Vogel, Sales Manager - EURA, Baker Hughes
Paul Waanders, Int. Sales Manager, Maats Pipeline Professionals
**MONDAY, 7 MARCH 2022**

- Panel Discussion
- Closing Remarks

PTC WORKSHOPS
(free access for all delegates)

PTC ROUND TABLES
(free access / for pipeline operators only)

draft version as of 1 May 2021
CONFERENCE TOPICS
(Pipelines, Pipes, Sewers)

PLANNING AND CONSTRUCTION
Planning and Design • Route Analysis and Selection • GIS • GPS • Onshore and Offshore Construction • Construction Machinery • Valves & Fittings • Line Pipe Materials • Welding • Hydrostatic Testing • Trenchless Technologies • Logistics • Pipe Tracking • Cathodic Protection • Corrosion Control • Pipeline Coating • Compressor Stations • Pump Stations

OPERATION AND MAINTENANCE
Asset Management • Risk Management • Integrity Management • SCADA Systems • Automation • Monitoring • Control and Dispatching • Cleaning • Inline Inspection • Unpiggable Pipelines • Direct Assessment • Leak Detection • Remote Sensing • Fiber Optic Sensing • Instrumentation • Simulation • Drag Reducing Agents • Rehabilitation of Ageing Pipelines • Repair Works • Hot Tapping • Life Cycle Extension Strategies • Third Party Impact • Illegal Tapping • Management Systems

SPECIAL ISSUES
Safety • Security • Qualification and Recruitment • Energy Recovery • Digitalization • Cyber Security • Big Data • LNG versus Pipeline • Standards and Regulations • Environmental Risks • Public Perception • Unmanned Aerial Vehicles (UAVs) • Remotely Operated Vehicles (ROVs) • Climate Challenges (cold, hot, humid) • Geohazards / Natural Disasters • Smart Grids / Smart Metering • Power-to-X • Hydrogen • E-Fuels - Feed-in of Biogas • Carbon Dioxide Transport • Gathering Pipelines (Upstream) • Riser Systems • Product Pipelines • Water Pipelines • Slurry Pipelines

PANEL DISCUSSIONS / WORLD PIPELINE OUTLOOK
The Pipeline Technology Conference is officially opened and closed with panel discussions and plenary sessions dedicated to current and emerging issues of the international pipeline industry.
Interested speakers are invited to submit an abstract (max. 300 words) describing the main ideas of their paper together with the presenter’s CV (max. 200 words).

- Abstracts should not focus on company presentation but on technical/managerial classifications, R&D, new technologies or recent case studies.
- Your abstract should avoid the use of a language that is commercial in tone.
- Joint presentations between pipeline operators and technology providers are welcome.
- If you have already presented this abstract in the past, you can still submit it, but you must indicate when and where it was presented in the past.
- All abstracts will be reviewed in the ptc Advisory Committee.
- Confirmed speakers are requested to provide a multi-page paper for publication in the conference proceedings.

Each speaker gets a presentation time of 20 minutes. Papers will be published via the official ptc smartphone app and distributed to the conference attendees. All papers will also be published in our ptc Pipeline Open Knowledge Base.

All speakers are requested to register for a regular conference ticket (confirmed speakers from pipeline operators attend free-of-charge, poster session presenters benefit from a reduced entrance fee).

Technical papers of authors who do not join the conference to present their papers may not be included in the online database and future conferences. In special circumstances, it will be possible to hold lectures online.

Conference language: English.
DEMOGRAPHY

The ptc community - quick facts

80+ Operators sending delegations
50+ Countries

33% Germany
33% Other Europe
34% Rest of the World

40+ Exhibitors
600+ Delegates

Origin of the ptc participants
