WELCOME TO THE 18TH PIPELINE TECHNOLOGY CONFERENCE

EUROPE’S LEADING PIPELINE CONFERENCE AND EXHIBITION
The flagship European conference & exhibition for the international pipeline industry will again take place in Berlin from 8-11 May 2023.

Pipeline and distribution network operators from all over the world will once again participate in the ptc to learn more about current developments in the industry and exchange experiences with other operators.

We are very much looking forward to seeing you all again in Berlin and talking face-to-face with old acquaintances and new business contacts about new technologies, current challenges and perspectives for the future.

Many thanks to the whole ptc community and especially to the members of the ptc Advisory Committee for their great support.

Get involved now and become a speaker or reserve your stand at the exhibition.

See you in Berlin!

### Panel Discussions / World Pipeline Outlook

The Pipeline Technology Conference is officially opened and closed with panel discussions and plenary sessions dedicated to current and emerging issues of the international pipeline industry.
Interested speakers are invited to submit an abstract (max. 300 words) describing the main ideas of their paper together with the presenter’s CV (max. 200 words).

- Abstracts should not focus on company presentation but on technical/managerial classifications, R&D, new technologies or recent case studies.
- Your abstract should avoid the use of a language that is commercial in tone.
- Joint presentations between pipeline operators and technology providers are welcome.
- If you have already presented this abstract in the past, you can still submit it, but you must indicate when and where it was presented in the past.
- All abstracts will be reviewed in the ptc Advisory Committee.
- Confirmed speakers are requested to provide a multi-page conference paper for publication in the conference proceedings.
- All speakers are invited to join the exclusive ptc Meetup on 8 May together with the members of the advisory committee, session chairs, sponsors and exhibitors.

Each speaker gets a presentation time of 20 minutes. Papers will be published via the official ptc smartphone app and distributed to the conference attendees. All abstracts, papers and the approved recordings will also be published in our ptc Pipeline Open Knowledge Base.

All speakers are requested to register for a regular conference ticket (confirmed speakers from pipeline operators / municipalities attend free-of-charge, poster session presenters benefit from a reduced entrance fee).

Technical papers by authors who do not attend the conference in Berlin to present their papers may be excluded from publication in the ptc Pipeline Open Knowledge Base. In special circumstances, it will be possible to hold lectures online.

Conference language: English.

DEADLINES

- **DEADLINE FOR ABSTRACT SUBMISSION**: 30 SEPTEMBER 2022
- **NOTIFICATION OF ABSTRACT ACCEPTANCE**: 30 NOVEMBER 2022
- **FINAL CONFERENCE PAPER DUE**: 31 JANUARY 2023
Exhibiting at ptc means presenting your company and products to new and existing customers in an informal atmosphere. As returning exhibitors confirm, the quality of contacts at ptc is higher than at other events. This is due to both targeted participant marketing and the high-quality ptc conference program.

For ptc 2023 we have put together an attractive exhibition package starting at 12 sqm. It already includes standard equipment for the booth, 1 ptc conference ticket and unlimited ptc exhibition tickets for you and for your customers. You could find a detailed breakdown of all included services on the ptc website.

SOCIAL PROGRAM

Impressions
Increase worldwide awareness for your organization’s products and services and be recognized as a key supporter of Pipeline Technology Conference. No matter the size of your company, you will find a sponsorship level to fit your budget.

The four main sponsorship levels (Diamond, Platinum, Gold and Silver) are available to promote your brand and showcase even before the conference begins in Berlin.

Exclusive benefits of the main sponsorship levels:

• **From the day of the booking:** You will be included in all future ptc marketing and publicity activities with your company name and logo displayed in prominent position including both online and offline multimedia communication (brochures, advertisements, websites, banners, smartphone app, LinkedIn, Twitter, signage in the exhibition area and in all conference rooms, etc.).

• **Up to 12 free conference tickets** for you and your business partners.

• **Exhibition booth** in your preferred location within the exhibition hall.

EUROPE’S BIGGEST PIPELINE EVENT
THE ANNUAL GATHERING OF THE INTERNATIONAL PIPELINE COMMUNITY IN THE HEART OF EUROPE

After starting as a small side event of the huge HANNOVER MESSE trade show in 2006 in Hannover, the Pipeline Technology Conference developed into Europe’s biggest pipeline conference and exhibition. Since 2014 the ptc takes place in Berlin.

OPERATORS INCREASING SHARE

Over the last years the number of delegations form different pipeline operators increases steadily. At the last ptc delegations from 70 different national and international pipelines operators came to Berlin.

TRULY INTERNATIONAL

64% OF THE PTC DELEGATES ARE COMING FROM ABROAD (EUROPE, MIDDLE EAST, NORTH AMERICA, SOUTH AMERICA, ASIA, ETC.)

ptc is a truly international event with only 36% of the delegates coming from Germany. In 2022 delegates from 50 different countries attended the 17th ptc in Berlin. The share of delegates from abroad is increasing from year to year.

VISIT BERLIN
THE THRIVING GERMAN CAPITAL

Berlin is more than 775 years old and over the decades, all generations have left their monuments and landmarks in town. Stay a few days longer and take a deep dive into both historic and modern Berlin.
